Ald. John O'Connor has a letter from his old friend, Gov. S. R. Van Sant, of Minnesota, congratulating him on his election as representative in the council from the Third ward, but advising him to beware of politics.

John W. Brown, of Connecticut, member of the International Brotherhood of Carpenters and Joiners, is to lecture at the Y. M. C. A. auditorium this evening on "The Triumph of Socialism."

President Gustav Andreen and the faculty of Augustana Conservatory of Music have issued invitations to the graduation of Miss Florence Friestad and Frank Friestad, students, respectively, of the violin and piano, next Saturday evening at 8 o'clock at the college auditorium.

That big lot of sample pieces of embroidery, bought from a well-known importer, is creating a great sensation at McCabe's. Thursday morning there will be a big new lot added at 5 cents per yard, worth all the way from 12 1/2 cents to 29 cents a yard. Five cents—be prompt—5 cents a yard.

The will of the late Hans Harder, of this city, was probated today in the county court. To his son, C. H. Harder, is bequeathed \$100, and to Johannes Harder, another son, \$25. The remainder of the estate, real and personal, is left to Mary C. Harder, wife of his son, C. H. Harder. She is appointed executrix of the will.

Prices on lots in old ball park, on west side of Eleventh street, between Thirtieth and Fifteenth avenues, range from \$225 to \$350, with a discount of \$25 on each lot to cash purchaser. It is very doubtful if an opportunity will again be offered to purchase as high and dry lots for same prices. Inquire of L. Mosenfelder or Capt. Dack.

If you have a baby you wish to enter in the show at Turner hall next month, you can obtain all information concerning the event at Kingsbury's art store on Second avenue, where names will be received. The show is to be held the afternoons of June 7 and 8. It is in charge of the Helpers Circle of the King's Daughters. The object is to raise funds with which to erect an old ladies' home.

The stakes were placed this morning along the river front indicating the extent of the territory that the Davenport, Rock Island & Northwestern railway desires the city of Rock Island to abandon absolute control of to the company mentioned. The strip so included to be vacated runs from the east line of Sixteenth street east to the west line of East Seventeenth street. At Sixteenth street the strip is desired to be vacated extends north 214 feet, at the west line of West Seventeenth street it is 175 feet and at the west line of East Seventeenth street it is 120 feet. It may be well for those of the public who are interested to inspect the lines so drawn, so that they may form their own conclusions as to what is contemplated. It simply means the vacation practically of two blocks of river front property.

AS TO THE "HIGHER CRITICISM"

Bishop Doane Refers to It in His Baccalaureate Sermon at the General Theological Seminary.

New York, May 18.—Bishop Doane, of Albany, in his baccalaureate sermon at the commencement exercises of the General Theological Seminary, said: "We should oppose the hysteria of the secular press, which holds with delight and with magnified importance and an exaggerated certainty those so-called discoveries which succeed and swallow up each other. I think it is a good plan for men to reconsider the modern popular process of Bible study, and to realize that instead of their criticising the Bible, the Bible is really criticising them."

"Men are rushing rashly into speech and print with an apparent love of what the French call *hizarre*, something striking, something startling, something sensational, something new—and all in the way of destruction, building up nothing, to take the place of what they try to destroy."

AN AUTOMOBILE OF MERIT

Is the Cadillac. Now Being Shown by Robert A. Smythe at His Storerooms.

To the purchaser of an automobile the question comes up, "What make?" There are many machines on the market, at a wide range of prices, but a party, intending the purchase of a machine, who wants one that is built on honor and merit, will be interested to know that, after making a thorough investigation of the various cars now on the market, Robert A. Smythe, whose store rooms are located at 225 Eighteenth street, decided that the Cadillac was the best of its kind made, and he accordingly accepted the agency for this territory. Mr. Smythe, who has attended all the shows held in late years, has made a study of the mechanical equipment of automobiles and unhesitatingly recommends the Cadillac to those who want a popular priced car that possesses all the essential features of the most expensive machines. Intending purchasers are invited to call and obtain further particulars.

Traveling is Dangerous.

Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease.

George H. Hanson, locomotive engineer, Lima, Ohio, writes: "Constant vibration of the engine caused me a great deal of trouble with my kidneys and I got no relief until I used Foley's Kidney Cure." Sold by all druggists.

Quick Arrest.

J. A. Gullledge, of Verbena, Ala., was twice in the hospital from a severe case of piles, causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25 cents, at Hartz & Ulmeyer's, druggists.

ILLINOIS DOCTORS

AT BLOOMINGTON

State Meeting Held There Pays Particular Attention to Consumption.

Bloomington, Ill., May 18.—Bloomington extended hospitable greetings to the 500 physicians who assembled to attend the fifty-fourth annual convention of the Illinois State Medical society. Extraordinary interest marked this year's convention, owing to the prominence given to the subject of tuberculosis and the beginning of what is heralded as a war upon consumption by the medical fraternity of Illinois. There are really two conventions, known as sections 1 and 2, owing to the vast scope of the program and the impossibility to present all the papers at a single meeting.

The principal paper of the opening session was by Dr. E. R. Larned, of Chicago, on "Vaccination." Extensive discussion followed, led by Dr. Quine, of Chicago, who opposed the theory advanced by Dr. Larned that a small vaccine wound was just as effectual as the old custom of creating a large one. In replying Dr. Larned stoutly maintained his position, yielding only to say that he would rather a patient was given a half dozen hideous scars than that the physician omitted the application altogether. He maintained that failure to vaccinate was a crime against society.
